

# COVID19

## Pre-Hospitalization Checklist

- ✓ If you stay in an apartment or in a residential complex, inform your President/secretary or other designated coordinator.
- ✓ If you have insurance, get all the documents ready (Family members are not allowed to accompany patients).
- ✓ Keep your prescriptions and medical files ready.
- ✓ Pack your belongings for 14 days. Don't forget to pack your daily medications, if any, and other items such as dry fruits etc.
- ✓ Ensure you have taken your credit card, cheque book, banking details etc. for the payments at the Hospital.
- ✓ Note down the name and phone number of your primary contacts in the last 7 days. If you had visited any public place like shops, office, parties, gatherings etc. list it down along with date and time. Keep this list ready to hand over to the hospital.
- ✓ Ensure you have packed your mobile charger, cable, power bank, laptop.
- ✓ If your household help, cook or driver are primary contacts, ensure that your family members inform them immediately.
- ✓ In case there are changes in the Hospital or CCC after you leave your home, please call and inform your family members.
